Walter Banister and a Mr. Chadburn of Center Guilty of Cattle Stealing.

It has been the custom for a long time for several people to pasture their cattle in lands on the Hard hill district, and often these have been lost and the owners have never found them. This week Mr. Smith of that vicinity lost some cows, and having suspicion that some person had stolen them, began an investigation which resulted in the arrest of Walter Banister and Mr. Chadburn, who were taken here and tried Tuesday before Judge Adams of Chelsea. They were found guilty and placed under \$1,000 bonds, and failing to furnish these were taken to Chelsea on Wednesday morning by J. C. Sherburne and D. D. Howe. The testimony showed that the cattle had been taken and slaughtered in an old building in the vicinity, and then sold at Barre for beef. The skin and horns were identified by those interested. Since this happened, it has proved to many that other stock had met a similar fate, and the owners had never found where they went.

Merville Gould, Allen Hancock, and Hugh Seaver left here on Wednesday for Montpelier, where they were to pass the night and then go to Boston to enter a school for the next two months for motor mechanics, after which they will be assigned to duty elsewhere.

There was a large gathering on Brainerd hill, only a few miles from this village, on Tuesday night, the occasion being the dedication of a service flag. The exercises were held on the lawn of the church at that place, and there were present about 200 people. The service flag had 28 stars, and two gold stars, the latter being for Mr. Hutchinson, who died in service at Vancouver, and Percy Brothers, who enlisted from Brainerd and died from wounds received in action in France. The band from this place went up to furnish music, and the meeting was conducted by Rev. Fraser Metzger. A good program was given, the first number being "The Star Spangled Banner," in which all present joined in singing, and Miss Blanch Sparhawk of this place gave two solos. A reading was given by Iris Flint, and there were short addresses by L. B. Johnson, M. M. Wilson, and the pastor of the West Brookfield and also of the East Brainerd church. Ice cream was served, and a quilt was sold. Mrs. Genie Carrigan of this place being the lucky one. The proceeds were to be devoted to Red Cross work.

Word has been received here that Philip T. Salisbury of this place has been commissioned a second lieutenant in the national army.

An Irishman who was ill went to London to consult an eminent specialist.

The doctor having examined him, said: "I should like to know whether your family have been long-lived."

"Well, doctor, I'll just tell you how it is," replied the patient musingly. "My family are west of Ireland people, and the age of my ancestors depended entirely on the judges and juries who tried them."—Tit-Bits.

Here is a home treatment for removing hairs that is quick, painless and inexpensive: With some powdered delatone and water make enough paste to thickly cover the objectionable hairs, apply and after two or three minutes rub off, wash the skin, and it will be left soft, clear and hairless. This treatment will not mar the skin, but to avoid disappointment, be careful to get real delatone.—Adv.

DON'T Slow Up Advertising NOW!

Never has there been a time when the public has looked more keenly for MERCHANDISING NEWS than now.

Never has there been a time more auspicious for the enterprising tradesman to secure HIS FULL SHARE OF TRADE than now.

People must continue to eat, to wear and to use.

The tendency is to cut out luxuries, and luxuries are only a relatively small proportion of your business. For every luxury cut out you have a chance to increase your movement of staples.

How short-sighted is the policy of reducing advertising expense to "save money." You will only lose trade. You will only lose prestige.

Advertise to increase sales and make more money; don't cut it out to save money.

Study your advertising as you never did before—do it wisely and well.

Be prosperous and let the people know that you are prosperous.

Success was NEVER achieved by stopping advertising or by wearing old clothes and talking pessimism.

Be Wise—and Advertise!
